OSTERIA

*"TERRA | Osteria was born from a love for Liguria  
and a strong bond with the territory.*

*We bring to the table the authentic flavors of Ligurian cuisine,  
carefully selected from small local producers.*

*Each dish is designed to be shared, to tell a story of simplicity,  
taste, and memory.*

*Chef Matteo ends the journey with a sweet touch,  
offering desserts that are true hugs.*

***TERRA | Osteria is home, it's sea, it's warmth,  
it's Liguria sitting at the table with you."***

## “LA MIA TERRA”

The philosophy of TERRA | Osteria is based on a fundamental principle: bringing the typical dishes of Ligurian cuisine to the table, following the rhythm of the seasons and sourcing ingredients from small local producers.

The experience is composed of several shared courses.
